Re: **Your Inquiry Regarding The 9/80 Work Schedule**

Dear Mr. Smith:

In response to the question raised in our recent telephone conversation, I am attaching copies of some correspondence the Division has sent out in regard to the issue of the 9/80 work schedule. [To view attached copy of "some correspondence", click here.]

I think that the correspondence addresses all of the questions which have been raised up until this date, but if you have any further questions please feel free to contact the undersigned.

I think, too, that I should emphasize that you should contact the U.S. Department of Labor concerning their views on the work schedule before implementing it. There has been some concern raised that the federal enforcement units may view the splitting of the workweek as a subterfuge. However, I have no written documentation on this point.

Yours truly,

H. Thomas Cadell, Jr.
