Dear [redacted]

MAXIMUS Federal Services has completed the Independent Bill Review ("IBR") of the above workers' compensation case. This letter provides you with the IBR Final Determination and explains how the determination was made.

Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. The Claims Administrator's determination is reversed and the Claim Administrator owes the Provider additional reimbursement of $195.0 for the review cost and $167.15 in additional reimbursement for a total of $362.15. A detailed explanation of the decision is provided later in this letter.

HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Provider is dissatisfied with denial of codes 99215 and WC002
- Claims Administrator denied codes indicating on the Explanation of Review "This service requires prior authorization and none was identified"
- Request for Authorization dated 12/30/2014 sent to Claims Administrator documents a request for a Follow-up with Provider listed. Claims Authorized Agent approved visit and signed RFA dated 01/06/15.
- As follow up visit was authorized, reimbursement of 99215 is warranted.
- As Provider is not the Primary Treating Physician, reimbursement of WC002, Primary Treating Physician's Progress Report, is not warranted.

The table below describes the pertinent claim line information.
