HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Provider disagrees with reimbursement amount for CPT code 29824-51 and denial of CPT code 29823.
- Based on the NCCI edits code 29823 is a Column 2 procedure not considered for reimbursement with code 29824 (a Column 1) procedure unless a modifier has been appended indicating some reason for reimbursement.
- There is no modifier appended to CPT code 29823 and therefore reimbursement is not considered and appropriately denied.
- Calculation of allowed amount = (((relative weight)*(Conversion Factor))*.82)
- Code 29824 - (((58.6059*80.58)*.82)) = $3872.42

The table below describes the pertinent claim line information.
