HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Denial of CPT code 64555-59 (3 units).

- Note that the Claim Administrator has paid for the disputed services since the initiation of the IBR process. Therefore the Claim Administrator is only required to reimburse for the cost of the review.
