

# **Floor Covering**

**Minimum Industry Training Criteria**

**For**

**The State of California**

---

# **Industry Training Criteria for Floor Covering Installers**

**O-Net 47-2042.00**

## **1. Length of Training**

Program sponsors shall establish a minimum of a 4 year program of no less than 6,000 hours of on-the-job training.

## **2. Related Supplemental (classroom) Instruction**

The required prescribed courses of related and supplemental instruction shall be no less than 576 hours. This instruction must include at a minimum the related and supplemental training processes listed in Appendix 'A'.

## **3. On-The-Job Training (OJT)**

See Appendix "B". Floor Covering Installer Work Processes

## **4. Competency Testing**

All apprentices must pass a competency test prior to the time of their classification advancements to the next higher period. The test shall be based on all Related Supplemental Instruction and manipulative skills tests based on laboratory assignments.

## **5. Program Completion Percentages**

Program Sponsors must have a 30% graduation rate of all apprentices that satisfactorily complete the first year of the program.

## **6. Review and Revision Procedures**

The Floor Covering Installers Advisory Committee shall meet at the call of the chair or no less than once each three years to review and revise if necessary the Industry Training Criteria. This Floor Covering Installer Industry Training Criteria shall be in accordance with California Code of Regulations, Title 8, Section 212, in its entirety.
