

2024 CAL/VPP WORKSHOP

**SAFETY
CENTER**

3909 Bradshaw Rd
Sacramento CA 95827

July 10

8am-5pm

We are pleased to announce that the Safety Center in Sacramento, California will be hosting a free Cal/VPP workshop on July 10th, 2024. Cal/Star sites' representatives and Cal/OSHA VPP consultants will provide valuable insights and information to enhance your Cal/VPP experience. It promises to be an engaging and educational event that will greatly benefit all participants.

Due to limited space, you are encouraged to RSVP via email at calvpp@dir.ca.gov no later than 5:00 pm on Friday, June 10th, 2024.

When you respond, please include the following information:

- Full name:
- Title:
- Company name & location:

We are eagerly looking forward to this workshop and the opportunity to network and collaborate with all attendees.

Topics Will Include:

- *Cal/VPP Program Overview*
- *Management Commitment*
- *Employee Involvement*
- *Onsite Evaluation Preparation*
- *Common Trends*
- *Root Cause Analysis*
- *Leading Indicators*
- *Maintaining Continuous Improvement*

Cal/VPP Advantages:

- *Recognition by Peers, state & local governments*
- *Increased employee involvement*
- *Improved quality of products & productivity*
- *Improved partnership with government*
- *Reduction in injuries & illnesses*
- *Exemption from routine Cal/OSHA programmed inspections*
