Mr. George Parisotto
Administrative Director
Division of Workers' Compensation
1515 Clay Street, Suite 1700
Oakland, Ca. 94612

Dear Mr. Parisotto

I had received your letter dated June 7, 2023 and with it the Notice of Provider Suspension – Workers' compensation. As you mention, I request a hearing and for that, I include:

- My current address: 17595 Harvard Ave. Suite C286, Irvine, Ca. 92614.
- About the legal and factual reasons, I believe (I am not a lawyer or Attorney) that Mr. Oswaldo Forero as an individual is not in control of Global Counseling in any sense. Not as an officer or Director of the entity; not is or was shareholder with in 10 percent or greater interest in the entity; never was or had legal ownership of the entity and never was or is the facto because he has not duties or rights of an officer or director in the entity. Legally I have the documents that prove who they are and had been the owner, officer or Director and for that controlled legal and the fact the entity. As I know the judgment of felony or misdemeanor is as an individual and unique person for Mr. Forero and not for the entire family or assume that this is so. Therefore, I have legal and factual proof to provide in the hearing that Labor Code Section 139.21 (a) (1) does not apply to Global Counseling.
