PROTECTING WORKERS FROM EXTREME HEAT (INDIGENOUS LANGUAGES)

Four short worker health and safety video clips were produced in six Indigenous languages. Each video clip focuses on one of four messages from the Cal/OSHA Heat Illness Prevention Standard, all of which are required California workplace provisions.

WOSHTEP Program structure

- Worker training – building worker leadership
- Employer training – equipping employers to comply with Cal/OSHA IIPP
- Awareness and Presentations
- Webinars
- Developing materials
- Youth Worker Leadership Academy
- Responding to emergent issues from Covid-19 to wildfires and avian flu and more

WOSH Specialist Training

“ Muy interesante y triste al mismo tiempo lo que expusieron a los trabajadores. **”**
- Training Participant

“ Muy interesante. Es algo inhumano por lo que están pasando muchos trabajadores. **”**
- Training Participant

Community Agreements / Acuerdos Comunitarios

Together, we share a collective agreement to promote respectful dialogue, trust and respect. We acknowledge our responsibility to build a supportive and sustainable community by using inclusive language, being aware of how often you contribute and making room for others too. Challenging ideas or behaviors not individuals. Actively combating the bias and anti-Blackness.

Juntos, compartimos un convenio colectivo para promover el diálogo abierto, la confianza y el respeto. Reconocemos nuestra responsabilidad de construir una comunidad sostenible y solidaria utilizando un lenguaje inclusivo, siendo conscientes de la frecuencia con la que aportamos y dejando espacio para que otros puedan contribuir a la conversación. Desafiamos ideas o comportamientos no a los individuos. Combatimos activamente los sesos y la anti-Blackness.

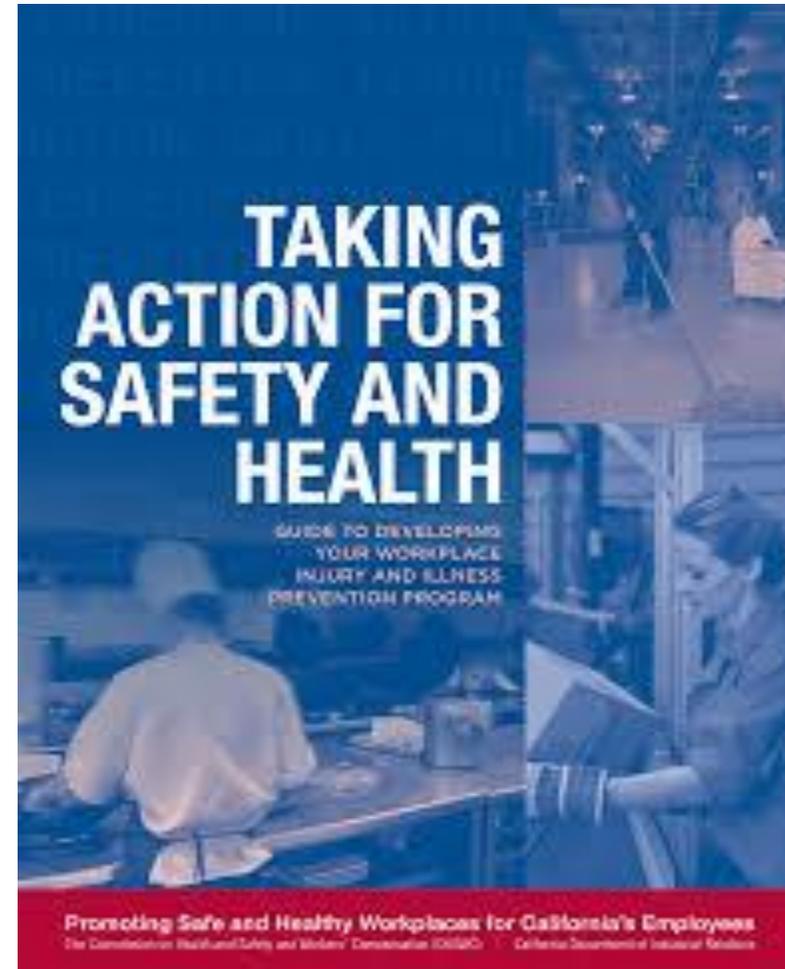

Creating Healthy Communities

Train California workers to be worker occupational safety and health (WOSH) specialists who will take leadership roles in promoting health and safety in their workplaces

Online, in-person
English, Spanish

Small Business IIPP

Equip California employers with an understanding of underlying causes of workplace injuries and tools to develop a comprehensive health and safety plan in compliance with Cal/OSHA IIPP standard.

Expertise

**Since 2002, WOSHTEP has
reached well over...**

33,000 workers and

3,800 small business
employers.

More than academic partners

We build meaningful partnerships

We center the expertise of workers in interactive trainings

**We equip
employers to
provide safe
working
conditions**

**We are
experts in
facilitating
adult
learning**

**We are
experts in
curriculum
development**

**We bring
deep
community
ties and
expertise to
the vision
of...**

...safe and just workplaces from which each worker returns home in the same condition in which they arrived
