

WOSH Specialist Resource Centers

*A Free Resource for WOSH Specialists and Trainers
providing assistance on workplace health and safety issues*

Worker Occupational Safety and Health (WOSH) Specialists are trained to take leadership roles in promoting health and safety in their workplaces. WOSH Specialists serve as a health and safety resource for others, including co-workers, labor-management committees, unions, and employers. To help these specialists actively participate in injury and illness prevention efforts and problem-solving in the workplace, two Resource Centers have been created, one in northern and one in southern California.

The Resource Centers provide:

- ❖ written material including fact sheets, brochures, pamphlets, guides, studies and reports
- ❖ technical assistance
- ❖ research assistance
- ❖ referrals to state and local health and safety agencies
- ❖ multilingual training materials guide online at:

<http://www.dir.ca.gov/chswc/MultilingualGuide/MultilingualGuideMain.html>

WOSHTEP Specialists may contact a Resource Center at:

Northern California Resource Center

UC Berkeley Labor Occupational Health
Program (LOHP)

2223 Fulton Street, 4th Floor

Berkeley, CA 94720-5120

(510) 643-4335

andrews2@berkeley.edu
