### **DWC Opens Registration for 24th Annual Educational Conference**

The California Division of Workers' Compensation (DWC) is pleased to announce that registration for its 24th annual [educational conference](#) is now open. The conference will take place February 23-24, 2017 at the Los Angeles Airport Marriott and March 2-3, 2017 at the Oakland Marriott City Center Hotel.

Attendee, exhibitor, and sponsor registration forms may be downloaded from the conference [website](#).

Conference registration flyers were recently mailed to more than 8,000 names on DWC's mailing list. Registration forms are also available at the conference [website](#) and the front counters of the division's district offices throughout California.

This annual event is the largest workers' compensation training in the state and allows claims administrators, attorneys, medical providers, return-to-work specialists, employers, and others to learn firsthand about the most recent developments in the system. Attendees will be interested in learning about current topics on workers' compensation from a variety of workers' compensation experts from DWC, other state and public agencies, and the private sector.

DWC has applied for continuing educational credits by attorney, rehabilitation counselor, case manager, disability management, human resource and qualified medical examiner certifying organizations among others.

Paper copies of conference materials will no longer be given to attendees. Instead, DWC will provide flash drives. Attendees will also be able to download the handout materials through the conference website.

Organizations who would like to become sponsors of the DWC conference can do so by going to the [website](#).

The 2016 conference had more than 1,900 attendees and 140 exhibitors, so early registration is encouraged.
