What suggestions do you have for the Department of Industrial Relations to better assist you with your program in the coming year? (attach additional sheets if necessary) 1. Apprentice Wage Rate Sheets should specify the pre-determined increases applicable ONLY to the apprentice rates (as opposed to identifying the "journeyman" increase). Contractors argue that "journeyman" increase does not apply to their apprentice wage rates. 2. A list of contractors with previous violations (which could be transposed from these annual reports if the contractor's license was a required element on this report) should be available online so we have knowledge of a contractors previous violations (important for penalty recommendations on Forfeiture Request/Notice of Withholdings, etc)
