Re: Please Remove Hughson Unified School District from the approved list of LCP's

Dear Director Baker,

The Hughson Unified School District has not been the recipient of bond funds requiring the compliance with a formal labor compliance program for a number of years. Once again, there have been no such projects this year. Hughson does not envision any future projects will have such a requirement. The Hughson Unified School District requests that it be removed from the list of approved Labor Compliance Programs with the Department of Industrial Relations. Should we receive such funds in the future, we will take appropriate action to ensure that proper compliance and reporting (and necessary approval) is provided.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Whiteman".

Cindy Whiteman
Hughson Unified School District
