September 23, 2016

**SUMMARY OF IMPORTANT NOTICES CONCERNING BURGLAR ALARM AND FIRE
ALARM INSTALLATION**

Dear Public Officials/Other Interested Parties:

The Department has issued several important notices between June 27, 2002, and October 27, 2015, specifying the prevailing rate of pay for the installation of burglar and fire alarms. The tables on the following two pages provide a summary of the applicable rates of pay for burglar and fire alarm installation by county as of September 23, 2016. The information in these tables summarizes but **does not** alter the applicable rates of pay issued in the aforementioned important notices.

Please note that minimum rate of pay determinations are issued on a “project-by-project basis.” If you have a public works project in one of the counties listed in the tables that indicates “project-by-project basis,” you may request a minimum rate of pay determination prior to the bid advertisement date of the project by sending a written request to the address below. Each request should include all the relevant documents that would assist the Department in issuing a determination. These documents include but are not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

Please refer to the county determinations to find the rates associated with the craft(s)/classification(s) referenced in the tables. The scope of work for each classification is posted on the Internet at <http://www.dir.ca.gov/oprl/DPreWageDetermination.htm>. This information may also be requested from the Office of the Director – Research Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:

California Department of Industrial Relations

SOLANO & NAPA COUNTIES

INSIDE CONSTRUCTION AGREEMENT

BETWEEN

**SOLANO & NAPA COUNTIES BRANCH
NORTHERN CALIFORNIA CHAPTER,
NATIONAL ELECTRICAL CONTRACTORS ASSOCIATION**

&

**LOCAL UNION 180,
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS**

EFFECTIVE

JUNE 1, 2016, THROUGH MAY 31, 2019

RECEIVED
Department of Industrial Relations

JUN 01 2016

Office of the Director-Research

SCOPE OF AGREEMENT

Workers employed under the terms of this Agreement shall do all on-site underground power distribution systems (including PVC and rigid conduit), temporary power and lighting systems and maintenance thereon, electrical construction, installation, and maintenance and running of tests of electrical lighting, heat and power equipment. Also included is fiber optic systems and raceways installation, photovoltaic system electrical installation, including raceways. This shall include all temporary electrical maintenance of pumps, fans, blowers, and other electrical equipment, installation or erection work in new buildings in the course of construction and in existing buildings undergoing alterations, and in subways, tunnels and bridges. Prefabrication of boxes, brackets, bends and nipples are covered by this Agreement, but the use of catalogue items is permitted.

Section 3.17

Cable Splicing

Where wiped lead joints are necessary, all work of joining, splicing and insulating, and the placing of flame-proof covering shall be performed by Cable Splicers. Journeyman Wiremen only shall be used in assisting Cable Splicers. Cable Splicers shall not be required to work on energized wire or cables when the difference in the potential is over 440 volts between any two conductors or between any conductor and ground, unless assisted by one Journeyman Wireman.

Cable Splicers shall furnish the tools necessary for the performance of the job.

The Employer shall pay a tool allowance of twenty dollars (\$20.00) per day when tools and equipment are supplied by the Cable Splicer.
