**SUMMARY OF IMPORTANT NOTICES CONCERNING BURGLAR ALARM AND FIRE
ALARM INSTALLATION**

Dear Public Officials/Other Interested Parties:

The Department has issued several important notices between June 27, 2002, and October 27, 2015, specifying the prevailing rate of pay for the installation of burglar and fire alarms. The tables on the following two pages provide a summary of the applicable rates of pay for burglar and fire alarm installation by county as of September 23, 2016. The information in these tables summarizes but **does not** alter the applicable rates of pay issued in the aforementioned important notices.

Please note that minimum rate of pay determinations are issued on a “project-by-project basis.” If you have a public works project in one of the counties listed in the tables that indicates “project-by-project basis,” you may request a minimum rate of pay determination prior to the bid advertisement date of the project by sending a written request to the address below. Each request should include all the relevant documents that would assist the Department in issuing a determination. These documents include but are not limited to the contract, financial documents, plans, specifications, as well as contact information for the Awarding Body.

Please refer to the county determinations to find the rates associated with the craft(s)/classification(s) referenced in the tables. The scope of work for each classification is posted on the Internet at <http://www.dir.ca.gov/oprl/DPreWageDetermination.htm>. This information may also be requested from the Office of the Director – Research Unit by calling (415) 703-4774, by faxing a request to (415) 703-4771 or by writing to:

INSIDE AGREEMENT

Between

**LOCAL UNION 6
INTERNATIONAL BROTHERHOOD OF
ELECTRICAL WORKERS
SAN FRANCISCO, CALIFORNIA**

and

**THE SAN FRANCISCO
ELECTRICAL CONTRACTORS
ASSOCIATION, INC.**

June 1, 2014 - May 31, 2018

RECEIVED
Department of Industrial Relations

JUL 27 2016

Office of the Director-Research

SCOPE OF AGREEMENT

Electrical work as covered by this Agreement shall include the handling, installing, or moving of all related materials and equipment from the first point of delivery at the jobsite through the final installation, and the dismantling and removing of electrical material from the jobsite, including all work historically performed by Employees covered by this Agreement. This shall also include activation of cell systems including the core drilling, welding, burning, brazing, bending, drilling and shaping of all metal brackets, supports, fittings and other fabrication that are specific parts of the installation of the electrical work and equipment on the jobsite.

Also covered under the terms of this Agreement shall be the installation, maintenance, relocation and removal of all temporary wiring and equipment at a jobsite for signal, light, heat or power, and running tests or performance tests on any electrical installation or equipment that is part of any work or jobsite.
