Laborers' Asbestos Agreement

This Agreement ("Agreement") entered into this _____ day of _____, by and between _____ (hereinafter referred to as the "Contractor") and the Southern California District Council Of Laborers (affiliated with the Laborers' International Union of North America) and its affiliated Local Union No. 300 (hereinafter referred to as the "Union").

2.2 Work Coverage:

- a. (i) (A) The work covered by this agreement is asbestos and toxic waste abatement, and methane/liquid boot installation and repair, and the following tasks performed in conjunction with asbestos and toxic waste abatement: site mobilization, initial site cleanup, site preparation including soft demolition, mold remediation, removal of asbestos-containing material and toxic waste (including lead abatement and any other toxic materials), encapsulation enclosure and disposal of asbestos-containing materials and toxic waste (including lead abatement and any other toxic materials, but excluding hauling) by hand or with equipment or machinery, scaffolding, fabrication of temporary wooden barriers, assembly of decontamination stations, and any other tasks which the Contractor may direct in connection with this work.

(C) Soft demolition is defined as the operation of compressed air or electrical powered small hand tools and general labor during demolition performed in conjunction with the asbestos or toxic waste abatement.

Memorandum of Understanding
Between
The Laborers' International Union of North America
And
The United Union of Roofers, Waterproofers and
Allied Workers

In an effort to eliminate jurisdictional disputes in the Construction Industry, the Laborers' International Union of North America and the United Union of Roofers, Waterproofers and Allied Workers have agreed to the following:

- ◆ All removal of roofing materials on a roof deck where roofing material is to be re-applied is the work of the roofer. This is also to include any small repairs to the decking in preparation of laying the new roof.
- ◆ All removal of roofing materials on a roof deck where no new roofing material is to be applied is the work of Laborers.
- ◆ Demolition of roof decking is the work of Laborers.

It is understood that there shall be no stoppage of work by reason of any dispute concerning the work herein covered. In the event a dispute arises, the matter shall be referred to the offices of the two International Unions for resolution. This agreement shall serve as clarification of the 1993 correspondence.
