

- Guaranteed one-on-one communication and support throughout your two-year agreement as an Alliance Partner. This includes Cal/OSHA communications on new and revised standards, as well as Cal/OSHA Special Emphasis Programs (SEP), specific workplace hazards and controls, and Cal/OSHA whistleblower protections.

While any partnership takes work, no one will be doing it alone. When workplace safety and health improves, everyone benefits.

Establishing an Alliance Agreement

Once the elements of the agreement are established and finalized, participants will sign the document with Cal/OSHA leadership at a celebratory signing ceremony.

All agreements last for two years and are between Cal/OSHA and the participating entity or may include several entities within one agreement. Agreements may be renewed if both parties desire and continue to demonstrate mutual commitment to the partnership through fulfilling the goals of the Alliance Agreement work-plans. Similarly, contracts may be terminated by either party with written notice.

More Information

To learn more about the Alliance Program or to view our current Alliance Agreements and signing ceremony photos, visit the [Cal/OSHA Alliance Program](#) webpage.

For questions, or if your organization is interested in an Alliance Partnership with Cal/OSHA, email DOSHAlliance@dir.ca.gov.

The Cal/OSHA Alliance Program

“Power in Partnerships”

What is the Cal/OSHA Alliance Program?

The Cal/OSHA Alliance Program creates written Alliance Agreements to prevent workplace injuries and illnesses through the collaborative sharing of occupational safety and health practices.

Who is Eligible to Participate?

Cal/OSHA partners with entities such as:

- Trade associations
- Labor unions and other labor groups
- Professional associations
- Educational institutions
- Community and faith-based organizations
- Consulates
- Local, state, and federal government agencies
- Other organizations or institutions.

What Are the Benefits of Participation?

Becoming a Cal/OSHA Alliance Partner means developing a *mutually beneficial relationship to protect workers*. Our partners work toward protecting those they represent or employ, and Cal/OSHA broadens the methods we use to improve the health and safety of workers in California.

Potential Additional Benefits

- Listing yourself as a Cal/OSHA Alliance Partner on your employment documents and other public-facing content with the licensed use of the official Cal/OSHA Alliance Program logo and displaying an Alliance plaque at your workplace. These allow everyone you employ and work with to see your commitment to workplace safety and health.

- Opportunities to receive public recognition from Cal/OSHA through press releases and other outlets.
- Cal/OSHA works synergistically with you and our stakeholders to ensure that we provide the best possible resources, including development of educational resources and training materials.
- Opportunities to include Cal/OSHA in your training courses, roundtables, conventions, meetings, outreach efforts, and production of educational materials, and collaborative forums for employers, workers, and worker representatives to work together and resolve challenging issues. Provide us with insight into your industry and establish important dialogue between Alliance participants.
- Assisting Cal/OSHA in reaching diverse, at-risk worker and employer communities most in need of Cal/OSHA's assistance to ensure that workers have a voice in their own safety and health protections.
- Reducing workplace injuries, illnesses, and fatalities through increased worker access to effective tools and information about worker rights and workplace safety and health, and employer access to effective tools and information about their workplace responsibilities.
