Electronic Reporting of Workplace Injury and Illness Data

Thursday, May 9, 2019, 10:00AM–3:00PM

Elihu Harris State Building 1515 Clay St., Room 1304

Oakland, CA

Tentative Agenda

1. Welcome and Introductions
2. Background
 - a. Labor Code 6410.2(b) mandate
 - b. Overview of federal rule on electronic reporting
 - i. Original May 12, 2016, federal final rule
 - ii. January 25, 2019, amended final rule
 - c. Current Status of Federal Rule
 - d. Current Status of California regulations on electronic reporting
3. Injury and Illness Data that are Currently Available in California
4. Discussion of How to Protect Goals of Original May 12, 2016, Federal Final Rule
 - What are the goals of original federal rule?
 - What are the benefits of requiring reporting of 300 and 301 data?
 - What are the concerns regarding the requirement to report 300 and 301 data?
 - What would it cost to implement a 300 and 301 electronic reporting requirement?
 - Other issues or concerns?
5. Recap and Next Steps
6. Adjourn

Please be advised: Due to the presence of courtrooms in the building, visitors are required to go through security screening including metal detection and inspection of belongings.
