5. Conversion Factor Calculation

a. Update to the standardized amount. L.C. 5307.1(g)(1)(A)(i) provides that the annual inflation adjustment for outpatient hospital facility fees shall be determined solely by the estimated increase in the hospital market basket. Thus, in lieu of using the Medicare 2012 rates to determine the updated OMFS amounts, the estimated increase in the hospital market basket was applied to the 2011 OMFS rate.

b. OMFS conversion factor for hospital outpatient services
   1. The 2011 unadjusted conversion factor was $66.959. The estimated increase in the market basket is 3.0%. The revised unadjusted conversion factor under the OMFS is $68.968 ($66.959 x 1.03).

6. Wage Index and Adjusted Conversion Factors:
The Division made the following revisions:

a. Section 9789.34 Table A sets forth the wage index values and adjusted conversion factors that are applicable to ASCs. These conversion factors would also be applicable to any hospitals that are not in Table B (section 9789.35).

b. Section 9789.35 Table B sets forth hospital-specific wage index values and adjusted conversion factors for services rendered on or after March 1, 2012. Table B reflects the additional 7.1% payment adjustment for services rendered by rural sole community hospitals and EACHs.
7. To the extent references to the Federal Register or Code of Federal Regulations are made in any sections starting from section 9789.30 through 9789.38 of Title 8 of the California Code of Regulations, said section is amended to incorporate by reference the applicable Federal Register final rule (including additional notices, correction notices, and revisions) and Federal Regulations in effect as of the date the Order becomes effective, for services rendered on or after March 1, 2012. In particular, to the extent a section makes reference to the CMS hospital outpatient prospective payment system final rule, said section is amended to incorporate by reference the final rule published on November 30, 2011 in the Federal Register (Vol. 76 FR 74122) and is entitled "Medicare and Medicaid Programs: Hospital Outpatient Prospective Payment; Ambulatory Surgical Center Payment; Hospital Value-Based Purchasing Program; Physician Self-Referral; and Patient Notification Requirements in Provider Agreements" (CMS-1525-FC); and the correction of the final rule published on January 4, 2012 in the Federal Register (Vol. 77 FR 217) and is entitled "Medicare and Medicaid Programs: Hospital Outpatient Prospective Payment; Ambulatory Surgical Center Payment; Hospital Value-Based Purchasing Program; Physician Self-Referral; and Patient Notification Requirements in Provider Agreements; Corrections" (CMS-1525-CN). To the extent a section makes reference to the CMS hospital inpatient prospective payment system final rule wage index values, said section is amended to incorporate by reference the final rule published on August 18, 2011 in the Federal Register (Vol. 76 FR 51476) and is entitled "Medicare Program; Hospital Inpatient Prospective Payment Systems for Acute Care Hospitals and the Long-Term Care Hospital Prospective Payment System and FY2012 Rates; Hospitals’ FTE Resident Caps for Graduate Medical Education Payment" (CMS-1518-F); and the correction to the final rule published on September 26, 2011, in the Federal Register (Vol. 76 FR 59263), and is entitled "Medicare Program; Hospital Inpatient Prospective Payment Systems for Acute Care Hospitals and the Long-Term Care Hospital Prospective Payment System and Fiscal Year 2012 Rates; Hospitals’ FTE Resident Caps for Graduate Medical Education Payment; Corrections” (CMS-1518-CN3).
