Dear [Name],

HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with denial of code 76942 - Ultrasonic guidance for needle placement (e.g., biopsy, aspiration, injection and localization device), imaging supervision and interpretation. Also dissatisfied with reimbursement of NDCs 38779175604, 38779073105, 38779056104 and 00517970225
- Claims Administrator denied code indicating on the Explanation of Review “Medical necessity has not been established for this procedure”
- Based on review of the Secondary Treating Physician’s Progress Report, Provider performed a pump analysis, refill and reprogramming.
- Provider’s report was reviewed by Maximus’ Medical Director whose conclusion determined that “vast majority of pumps are refilled in the office/home without ultrasound” and therefore, not medically necessary for CPT 76942.
- Based on information reviewed, reimbursement of CPT 76942 is not warranted
- NDCs 38779175604, 38779073105, 38779056104 and 00517970225 were reimbursed with Explanation of Review indicating “This charge was adjusted to comply with the rate and rules of the contract indicated.”
- Maximus requested a copy of the PPO Contract but nothing was received for this review. We are unable to dispute a contract agreement without any verification of an existing
contract or nonexistence of one. Therefore, additional reimbursement of NDCs 38779175604, 38779073105, 38779056104 and 00517970225 is not warranted.

The table below describes the pertinent claim line information.

**DETERMINATION OF ISSUE IN DISPUTE:** Reimbursement of code 76942 and NDCs 38779175604, 38779073105, 38779056104 and 00517970225 is not recommended.
