HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- ISSUE IN DISPUTE: Provider is dissatisfied with denial of codes 13121 and 29130-51.
- Claims administrator denied codes indicating on the Explanation of Review “Per the NCCI Outpatient Code Editor, your services have been disallowed.”
- Provider billed codes 13121, 29130-51 and 11760-51 on a UB-04 CMS 1450 form.
- Per NCCI Edits, generally codes 11760 and 13121 are not reported together. However, Modifier Indicator column shows ‘1’ which states if the appropriate modifier is appended to the proper CPT code and documentation is submitted to support the code, then the edit may be overridden. The same goes for codes 11760 and 29130 as well as 29130 and 13121 not generally reported together.
- Modifiers that may be used under appropriate clinical circumstances to bypass an NCCI edit include: Anatomic modifiers: E1-E4, FA, F1-F9, TA, T1-T9, LT, RT, LC, LD, RC, LM, RI; Global surgery modifiers: 24, 25, 57, 58, 78, 79; Other modifiers: 27, 59, 91
- Provider submitted codes 11760 and 29130 with a modifier -51 which is not one of the approved modifiers to append for the edits. CPT 13121 was not billed with a modifier.
- Based on information reviewed, claims administrator was correct to deny codes 13121 and 29130-51 as they were not billed correctly according to coding guidelines. Therefore, reimbursement of codes 13121 and 29130-51 is not warranted.
The table below describes the pertinent claim line information.

**Determination of Issue in Dispute:** Reimbursement of codes 13121 and 29130-51 is not recommended.
