HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with reimbursement of billed code E1399-LL
- Claims administrator reimbursed $1347.98 indicating on the Explanation of Review “Orthotic/prosthetic priced according to maximum allowable by state regs”
- Pursuant to Labor Code section 5307.1(g) (2), the Administrative Director of the Division of Workers’ Compensation orders that the Durable Medical Equipment, Prosthetics, Orthotics, Supplies portion of the Official Medical Fee Schedule contained in title 8, California Code of Regulations, section 9789.60, is adjusted to conform to changes to the Medicare payment system that were adopted by the Centers for Medicare & Medicaid Services for calendar year 2014. Medicare Data Source and Incorporation by Reference: Effective for services rendered on or after April 1, 2014, the maximum reasonable fees for Durable Medical Equipment, Prosthetics, Orthotics, Supplies shall not exceed 120% of the applicable California fees set forth in the Medicare calendar year 2014 “Durable Medical Equipment, Prosthetics/Orthotics, and Supplies (DMEPOS) Fee Schedule” revised for April 2014, contained in the electronic file “DME14_B [ZIP, 9MB]” which is incorporated by reference. The update includes all changes identified in CR8645. The CMS Manual System, Pub 100-4 Medicare Claims Processing, Transmittal 2902, Change
Request 8645, March 11, 2014 sets forth the changes and is relied upon in adopting this update Order.

- Based on information above, claims administrator was correct to use code E0745 as E1399 is not listed on the DME fee schedule.
- Provider billed 10 units of billed code as a purchase of the H wave unit.
- A 10% discount is to be applied to reimbursement.
- Based on calculations of E0745, claims administrator paid more than the OMFS allowed amount and therefore, no additional reimbursement is warranted.

The table below describes the pertinent claim line information.
