HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Provider is dissatisfied with reimbursement of ML104-94.
- Claims administrator reimbursement $4000.00 indicating on the Explanation of Review “Your bill has been reduced based upon the recommendation of our review agency. If you have a question concerning the reduction please contact Strata-Care.”
- Provider does not address the additional modifier -94 which states: -94 Evaluation and medical-legal testimony performed by an Agreed Medical Evaluator. Where this modifier is applicable, the value of the procedure is modified by multiplying the normal value by 1.25.
- Second bill review changed billed modifier -94 to modifier -95 with no explanation of why.
- Provider’s documentation clearly states evaluation and medical-legal testimony performed by an Agreed Medical Evaluator which is not addressed by the claims administrator in either of the Explanation of Reviews submitted.
- Based on information reviewed, additional reimbursement of code ML104-94 is warranted.
The table below describes the pertinent claim line information.
