HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Provider is dissatisfied with denial of codes 99214 and WC002.
- Claims administrator denied codes indicating on the Explanation of Review “
- Evaluation and Management visits by the treating physician do not require prior authorization and claims administrator was incorrect to deny the office visit. WC002 is a report required by the treating physician every 45 days from the last report and is warranted reimbursement as well.
- Provider billed a 99214 - Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: A detailed history; A detailed examination; Medical decision making of moderate complexity.
- The Primary Treating Physician Progress Report received, provider shows documentation for a Detailed History and a Moderate Complexity Medical Decision Making which satisfies the requirements for an E&M visit of 99214.
- Based on information reviewed, reimbursement of 99214 and WC002 is warranted.
- Maximus does not review penalties and interest pre provider’s request.
