HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- ISSUE IN DISPUTE: Provider is dissatisfied with reimbursement of code 97799-86.
- Based on review of case documentation, the use of code 97799-86 is substantiated as the Provider documented services performed and Provider’s Usual and Customary charge.
- Submitted documentation did not include a pre-negotiated agreement between the parties for a reduced reimbursement.
- Documentation submitted included an authorization for Functional Restoration Program for 110 hours of Functional Restoration Program between dates 8/26/2014 and 9/19/2014.
- Provider’s report submitted documents the injured worker’s medical and psychological evaluation, current medications, musculoskeletal evaluation and training goals
- The request for treatment authorization from the provider requested 97799 x 160 hours as $225 per hour.
- The allowance is calculated based on the PPO contract and a 6% discount.
- The Provider documented the usual & customary fees on the request for treatment authorization
- Based on information reviewed, additional reimbursement of code 97799-86 is warranted.
