HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- ISSUE IN DISPUTE: Provider is dissatisfied with denial of codes 96101 and 96116
- Claims administrator denied codes indicating on the Explanation of Review “No separate payment was made because the value of the service is included within the value of another service performed on the same day(96101, 99205)” and “In accordance with Clinical Based Coding Edits (National Correct Coding Initiative/Outpatient Code Editor), component code of comprehensive medicine, Evaluation and Management services procedure (90000-99999) has been disallowed”
- Provider billed codes 96101 and 96116 along with 99205
- Based on the NCCI edits code pair exist between CPT 99205 and 96101 and 96116.
- Modifier Indicator column shows ‘1’ which states if a proper modifier is appended to the correct code and documentation supports the use of the procedure code then the edit may be overridden.
- Modifiers that may be used under appropriate clinical circumstances to bypass an NCCI edit include:
  - Anatomic modifiers: E1-E4, FA, F1-F9, TA, T1-T9, LT, RT, LC, LD, RC, LM, RI
  - Global surgery modifiers: 24, 25, 57, 58, 78, 79
  - Other modifiers: 27, 59, 91
- A qualifying modifier was not appended to the column 2 codes: CPT 96101 or 96116. Reimbursement is not recommended for the billed codes 96101 or 96116.
The table below describes the pertinent claim line information.
