Re: Claim Number: [Redacted]

Date of Disputed Services: 1/2/2013 – 1/2/2013
MAXIMUS IBR Case: CB13-0000105

Dear [Redacted]

Determination:
A Request for Independent Bill Review (IBR) was assigned to MAXIMUS Federal Services on 11/7/2013, by the Administrative Director of the California Division of Workers’ Compensation pursuant to California Labor Code section 4603.6. MAXIMUS Federal Services has determined that the Claims Administrator’s determination is upheld. This determination finds that the Claims Administrator does not owe the Provider additional reimbursement.

Pertinent Records and Other Appropriate Information Relevant to the Determination Reviewed:
The following evidence was used to support the decision:

- The original billing itemization
- Supporting documents submitted with the original billing
- Explanation of Review in response to the original bill
- Request for Second Bill Review and documentation
- Supporting documents submitted with the request for second review
- The final explanation of the second review
- Medical Legal Fee Schedule in effect July 1st, 2006
Supporting Analysis:
The dispute regards the denial of Medical-Legal services (ML102) billed for date of service 1/2/2013. The Claims Administrator denied the billed code ML102 with the explanation "Code ML102 must have evidence of a disputed claim, medical fact or need/request for a medical-legal service. Includes a basic medical evaluation which does not meet the criteria of any other medical-legal evaluation. Includes a physical exam and is reimbursed at a flat rate. From the documentation received, it appears the service is for an appeal letter in response to a UR denial. This alone does not meet the criteria for a medical-legal service."

The Independent Bill Review (IBR) case was forwarded to the Department of Workers’ Compensation (DWC) for an eligibility review. The case was deemed eligible for the IBR process by the DWC.

ML 102 - Basic Comprehensive Medical-Legal Evaluation. Includes all comprehensive medical-legal evaluations other than those included under ML103 or ML104.

The Provider submitted a "Utilization Review Appeal" letter as documentation of the Medical-Legal service provided. The letter was in response to a Letter of Denial for a “J-stem system purchase.” An authorization or written request for a Medical-Legal evaluation was not submitted as part of the documentation. Based on a review of the Utilization Review Appeal letter, it does not appear all of the required elements of a Medical-Legal report were met. The letter did not document the following: date of Medical-Legal Evaluation; Cause of disability; Apportionment; or extent or duration of disability. Based on the documentation submitted, MAXIMUS is unable to recommend any additional reimbursement for the Medical-Legal services billed under ML102.

There is no additional reimbursement warranted for the Medical-Legal code ML102 per the Medical-Legal Fee Schedule.

The chart below provides a comparison of billed charges and reimbursement rates for the codes and dates of services at issue.

Chief Coding Specialist Decision Rationale:
This decision was based on Medical-Legal Fee Schedule, Provider's documentation and comparison with explanation of review (EOR). This was determined correctly by the Claims Administrator and the payment of $0.00 is upheld.

This decision constitutes the final determination of the Division of Workers’ Compensation Administrative Director, is binding on all parties, and is not subject to further appeal except as specified in Labor Code section 4603.6(f)

Sincerely,
