Independent Bill Review Final Determination Upheld

2/27/2014

Re: Claim Number: [redacted]
Claims Administrator name: [redacted]
MAXIMUS IBR Case: CB13-0000452

Dear [redacted] MD:

Determination
A Request for Independent Bill Review (IBR) was assigned to MAXIMUS Federal Services on 10/7/2013, by the Administrative Director of the California Division of Workers’ Compensation pursuant to California Labor Code section 4603.6. MAXIMUS Federal Services has determined that the Claims Administrator’s determination is upheld. This determination finds that the Claims Administrator does not owe the Provider additional reimbursement.

Pertinent Records and Other Appropriate Information Relevant to the Determination Reviewed:
The following evidence was used to support the decision:

- The original billing itemization
- Supporting documents submitted with the original billing
- Explanation of Review in response to the original bill
- Request for Second Bill Review and documentation
- Supporting documents submitted with the request for second review
- The final explanation of the second review
- Other: OMFS Surgery General Information and Ground Rules
Supporting Analysis:
The dispute regards the payment amount for a surgical procedure 17999 for date of service 5/28/2013. The Claims Administrator reimbursed $208.08 for the billed procedure code 17999 indicating “The value of this procedure is based on 100% of 17106, which appears equal in scope and complexity to services rendered. In order to reconsider charges, please submit a more specific OMFS procedure code that best describes the service done not 17999.”

17999 - The description of the billed procedure code 17999 is "Unlisted procedure, skin, mucous membrane and subcutaneous tissue. Per the Official Medical Fee Schedule, the procedure code 17999 does not have an assigned unit value and is considered a "By Report" code. Per the OMFS Surgery General Information and Ground Rules, procedures coded By Report are services which are unusual or variable. An unlisted service, or one that is rarely provided, unusual or variable, may require a report demonstrating the medical appropriateness of the service. Pertinent information should include an adequate definition or description of the nature or extent, and need for the procedure and the time, effort and equipment necessary to provide the service. By Report procedure values may also be determined by using the values assigned to a comparable procedure.

The Provider submitted a CO2 Matrix Fractional Ablative Laser Reconstructive Surgery operative report. The operative report documented the procedure as "CO2 Fractional Ablative Resurfacing." The description of the procedure was documented as “Following adequate anesthesia obtained utilizing topical anesthesia, and air chiller. The scars were treated with the CO2 fractional ablative laser. The power was 25 w, the density was 35-80%, the pulse duration was 2-4 ms, and the spot size was 9-18mm.

The operative report submitted by the Provider did not document an adequate procedure description or complexity of the procedure. Based on the documentation submitted, a comparable procedure code or By Report allowance higher than the Claims Administrator’s reimbursement of procedure code 17106 could not be determined. The description of 17106 is "Destruction of cutaneous vascular proliferative lesions (e.g., laser technique); less than 10 sq cm."

There is no additional reimbursement warranted per the Official Medical Fee Schedule code 17999.

The chart below provides a comparison of billed charges and reimbursement rates for the codes and dates of services at issue.

Chief Coding Specialist Decision Rationale:
This decision was based on OMFS Surgery General Information and Ground Rules and comparison with explanation of review (EOR). This was determined correctly by the Claims Administrator and the payment of $208.08 is upheld.

This decision constitutes the final determination of the Division of Workers’ Compensation Administrative Director, is binding on all parties, and is not subject to further appeal except as specified in Labor Code section 4603.6(f)
Sincerely,

, RHIT
