HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Provider is dissatisfied with reimbursement of ML 106-94-95
- Claims Administrator reimbursed $5125.00 for the ML 104 but denied modifier -94 additional payment of $1281.25 indicating on the Explanation of Review “Modifier billed not warranted and or documented.”
- Modifier -94 states: Evaluation and medical-legal testimony performed by an Agreed Medical Evaluator. Where this modifier is applicable, the value of the procedure is modified by multiplying the normal value by 1.25.
- Documentation reviewed includes a letter dated November 29, 2013 from attorney requesting for an Agreed Medical Evaluator in the field of psychiatric medicine. Nothing reviewed before patient exam showed that Agreed Medical Evaluator had changed to Qualified Medical Evaluator. The request was for Provider to act as Agreed Medical Evaluator and should be reimbursed according to the Medical-Legal Fee Schedule. Therefore, additional reimbursement is warranted for modifier -94.
The table below describes the pertinent claim line information.

**DETERMINATION OF ISSUE IN DISPUTE:** Based on information reviewed, additional reimbursement of code ML 106-94-95 is warranted.
