Dear MAXIMUS Federal Services has completed the Independent Bill Review (“IBR”) of the above workers’ compensation case. This letter provides you with the IBR Final Determination and explains how the determination was made.

Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. The Claims Administrator’s determination is reversed and the Claim Administrator owes the Provider additional reimbursement of $335.00 for the review cost and $173.21 in additional reimbursement for a total of $508.21. A detailed explanation of the decision is provided later in this letter.

The Claim Administrator is required to reimburse the Provider a total of $508.21 within 45 days of the date on this letter per section 4603.2 (2a) of the California Labor Code. The determination of MAXIMUS Federal Services and its expert reviewer is deemed to be the Final Determination of the Administrative Director of the Division of Workers’ Compensation. HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Reimbursement for NDC#27495001402 (Dendracin, active ingredients – capsaicin/menthol/methyl/salicylate) was not correct.
- Based on review of the record, we find one 60 ml container of Dendracin (strength 0.025% - 10%-30%) was dispensed.
- The Claims Administrator indicated the prior allowance of $9.88 was based on a generic code. The records do not show what generic form was used to calculate this allowance
- The Redbook shows only one other NDC for capsaicin/menthol/methyl/salicylate with the same strength. NCD#27495001202. The Redbook allowance for this NDC is equal to the NCD billed 27495001402.
- The Workers' compensation pharmacy fee schedule - Simple prescription does provide pricing information for the submitted NCD# 27495001402 with an allowance of $199.98. However, the provider agrees to accept $183.09.
The table below describes the pertinent claim line information.

**DETERMINATION OF ISSUE IN DISPUTE:** Reimbursement of code 99070 is warranted.
