HOW THE IBR FINAL DETERMINATION WAS MADE
MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING
Based on review of the case file the following is noted:

- ISSUE IN DISPUTE: CPT code 99354 was denied by the Claims Administrator.
- The Official Medical Fee Schedule and CPT were reviewed.
- Based on review of the PR-2 medical record documentation for date of service 11/25/2013, additional time was spent on this patient which exceeds the typical time of 25 minutes for an office visit. The additional 33 minutes meets the time requirements for CPT code 99354. The physician performed a detailed exam with moderate decision making including a request for authorization outlining the medical necessity.
