HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: CPT codes 64490-LT and 64491-LT were denied by the Claims Administrator.
- CPT codes 64490 and 64491 can be performed bilaterally.
- Based on review of the operative report, reimbursement of 64490-LT and 64991-LT is correct.
- There are no NCCI edit conflicts and it is acceptable to code both services bilaterally.
- Since initiation of the IBR process, the Claim Administrator recalculated reimbursement and made appropriate reimbursement.

The table below describes the pertinent claim line information.

**DETERMINATION OF ISSUE IN DISPUTE**: Reimbursement of codes 64490-LT and 64491-LT are substantiated and the Claim Administrator has reimbursed correctly. No additional reimbursement to be made to the Provider other than the review costs incurred.
