HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE**: Provider is dissatisfied with reimbursement of ML-102-94
- Claims Administrator reimbursed ML-102 indicating on the Explanation of Review “The charge exceeds the Official Medical Fee Schedule allowance. The charge has been adjusted to the schedule allowance.”
- Provider was asked to perform an Agreed Medical Evaluation for an injured worker.
- Provider was reimbursed for the ML-102, however, was not reimbursed for the modifier -94 which increases the value by multiplying 1.25.
- Based on information reviewed, additional reimbursement is warranted for ML 102-94.
