HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Reimbursement for CPT code 29881 less than expected.
- Correct allowable amount calculated as follows:
 $APC \text{ Relative Weight} * \text{Facility Specific Conversion Factor} * 1.22 = \text{Allowed}$
 $29881 = 29.6106 * 98.99 * 1.22 = \3576.01
- This provider has a specific facility rate which is based on a hospital facility, therefore the use of 1.22 (rather than .82) is correct.

The table below describes the pertinent claim line information.

DETERMINATION OF ISSUE IN DISPUTE: Reimbursement of additional \$1224.42 required.

Date of Service: 3/4/2014
