Dear [REDACTED]:

MAXIMUS Federal Services has completed the Independent Bill Review (“IBR”) of the above workers’ compensation case. This letter provides you with the IBR Final Determination and explains how the determination was made.

IBR Case Assigned: 9/24/2014

Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. The Claims Administrator’s determination is reversed and the Claims Administrator owes the Provider additional reimbursement of \$250.00 for the review cost and \$85.71 in additional reimbursement for a total of \$335.71. A detailed explanation of the decision is provided later in this letter.

The Claim Administrator is required to reimburse the Provider a total of \$335.71 within 45 days of the date on this letter per section 4603.2 (2a) of the California Labor Code. The determination of MAXIMUS Federal Services and its expert reviewer is deemed to be the Final Determination of the Administrative Director of the Division of Workers’ Compensation. This determination is binding on all parties. In certain limited circumstances, you can appeal the Final Determination. Appeals must be filed with the Workers’ Compensation Appeals Board within 20 days from the date of this letter. For more information on appealing the final determination, please see California Labor Code Section 4603.6(f).

Sincerely,

DOCUMENTS REVIEWED

Pertinent documents reviewed to reach the determination:

- The Independent Bill Review Application
- The original billing itemization
- Supporting documents submitted with the original billing
- Explanation of Review in response to the original bill
- Request for Second Bill Review and documentation
- Supporting documents submitted with the request for second review
- The final explanation of the second review
- Official Medical Fee Schedule
- Negotiated contracted rates: PPO Contract
- National Correct Coding Initiatives
- Other: OMFS Clinical Laboratory and Pathology Fee Schedule and Medicare CCI Policy Manual

HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider dissatisfied with reimbursement of billed HCPCS code G0431.**
- Provider was reimbursed \$21.43 and is seeking additional reimbursement of \$97.61.
- Claims Administrator changed billed HCPCS code G0431 to HCPCS G0434 indicating the following on the Explanation of Review (EOR): “Based on documentation submitted, the service performed is a Routine Drug Screen. Per CMS the Drug Screen CPTs were changed to G0431 for labs and G0434 for physicians. The service is a PER patient encounter CPT. Refer to the CMS.GOV.”
- The Provider submitted a copy of the laboratory test results. The toxicology results submitted report a quantitative measure of each drug screened (Amphetamine, Barbiturates, Benzodiazepine, Cocaine Metabolites, Ecstasy, Methadone, Buprenorphine, Morphine, Opiates, Oxycodone, Phencyclidine and Cannabinoid). HCPCS code G0434 is utilized to report urine drug screening performed by a test that is CLIA waived or moderate complexity test. Due to the complexity of the toxicology test performed, the levels tracked and results obtained the billed procedure shall be paid in accordance with HCPCS code G0431. The HCPCS code G0431 is reported with only one unit of service regardless of the number of drugs screened. The testing described by G0431 includes all CLIA high complexity urine drug screen testing as well as any less complex urine drug screen testing performed at the same patient encounter.

- The description of HCPCS code G0431 is "Drug screen, qualitative; multiple drug classes by high complexity test method (e.g. immunoassay, enzyme assay), per patient encounter."
- The drug screen services provided were of high complexity test method. The HCPCS code G0431 criteria has been met based on the documentation submitted by the Provider. Therefore, the code assignment G0434 and payment made by the Claims Administrator was not correct.
- PPO Contract was received and a 10% discount is to be applied.

DETERMINATION OF ISSUE IN DISPUTE: Based on the documentation submitted, additional reimbursement is to be made based on the Official Medical Fee Schedule for HCPCS code G0431.
