HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking full remuneration for Functional Restoration Program services, billed as Unlisted Procedure Code 97799-86 x 27 units, for date of service 08/26/2014 - 08/29/2014.**
- The Claims Administrator reimbursed the Provider \$1,091.25 of \$4,725.00 with the following rationale: 1) The charge was adjusted to comply with the rate and rules of the contract indicated. 2) Allowance based on maximum number of units allowed per fee schedule.
- Modifier -86: OMFS “Modifier is used when prior authorization was received for services that exceed OMFS ground rules.”
- OMFS allows for Unlisted Procedure Codes to be reimbursed by “By Report.”
- §9789.12.4 (c) “In determining the value of a By Report procedure, consideration may be given to the value assigned to a **comparable** procedure or analogous code. The comparable procedure or analogous code should reflect similar amount of resources, such as practice expense, time, complexity, expertise, etc. as required for the procedure performed.”
- There is no allowance listed under the OMFS for the billed procedure code 97799 or, more specifically, a Functional Restoration Program, and a CPT Code has yet to be formulated for this comprehensive program.

- Request for Authorization, dated 06/27/2015 states the Provider’s usual and customary fee for the 160 hours Functional Restoration Program @ \$225.00 hr.
- Pear Review Authorization for Functional Restoration Program presented for IBR, dated 09/11/2014, signed by Physician Reviewer, indicates treatment for 120 hours as “medically necessary.” Criteria Met for Modifier – 86
- Documentation reflects 79 FRP completed between 8/11/2014 – 8/29/2014.
- Disputed Claim for date of service 08/26/2014 – 08/29/2014; under the 120 hours authorized FRP total .
- Recommend reimbursement for 1 unit of 97799-86 representing dates of service 08/26/2014 – 08/29/2014.
- Partial one Contractual Agreement provided for IBR, entitled “Fee for Service Rates,” for “Unlisted Procedures,” reflect 95% of Providers Usual and Customary Fee.
