HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with denial of codes 99215 and WC002
- Provider’s PR-2 submitted documents the injured worker’s Evaluation and Management follow-up visit with the primary treating physician on date of service 1/27/2015.
- Documentation submitted as dated May 19, 2014 states that Provider was chosen as the applicant’s treating physician.
- Evaluation and Management visits do not require prior authorization.
- Based on information reviewed, reimbursement of codes 99215 and WC002 is warranted.
