HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with denial of code WC002, Primary Care Treating Physician's Progress Report (PR-2)
- Claims Administrator denied WC002 indicating on the Explanation of Review "Report by a secondary treating physician is not separately reimbursable per the OMFS. Our records indicate another provider is the PTP"
- Notice from Claims Administrator dated March 9, 2015 states injured worker had transferred care to this Provider.
- Provider submitted Primary Treating Physician's Progress Report (PR-2) documenting services performed on date of service 4/10/2015.
- Based on the aforementioned, reimbursement of WC002 is warranted.

The table below describes the pertinent claim line information.
