- The Independent Bill Review Application
- The original billing itemization

- Explanation of Review in response to the original bill
- Request for Second Bill Review and documentation
- Supporting documents submitted with the request for second review

## HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

## ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking remuneration for Functional Restoration Program services, billed as Unlisted Procedure Code 99499-86 for date of service 05/26/2015-05/28/2015.**
- The Claims Administrator based \$0.00 reimbursement on “negotiated rate” and need for “documentation.”
- CMS 1500 indicates Modifier -86.
- Modifier -86: OMFS Modifier is used when prior authorization was received for services that exceed OMFS ground rules.
- CMS 1500, box 23, does not indicate a Prior/Retro Authorization Number.
- Undated Correspondence to Claims Administrator indicates Provider’s Usual and Customary fee. Of “\$1120/day.”
- The Authorizations received for this review indicates the following:
  - a. **Referral/reference #1599192**
  - b. **Start Date:** 02/18/2015
  - c. **End Date:** 05/29/2015
  - d. **Service Authorized:** Functional Restoration Program M-th 8:30am-3pm x10
  - e. **Authorized by:** RN **02/24/2015**
  - f. Dates indicate Retrospective Authorization for dates 02/18 – 02/24 and Prior Authorization for dates 02/25 – 05/29/2015.

- OMFS allows for Unlisted Procedure Codes to be reimbursed by “By Report.”
- **§9789.12.4 (c)** “In determining the value of a By Report procedure, consideration may be given to the value assigned to a **comparable** procedure or analogous code. The comparable procedure or analogous code should reflect similar amount of resources, such as practice expense, time, complexity, expertise, etc. as required for the procedure performed.”
- There is no allowance or comparable code listed under the OMFS for service billed with procedure code 99499 or, more specifically, a Functional Restoration Program; a CPT Code has yet to be formulated for this comprehensive program. As such, a contractual agreement or the OMFS will dictate the level of reimbursement.
- **CCR § 5307.11:** A health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier may contract for reimbursement rates different from those in the fee schedule adopted and revised pursuant to Section 5307.1. When a health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier contract for reimbursement rates different from those in the fee schedule, the medical fee schedule for that health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code shall not apply to the contracted reimbursement rates.
- Full Contractual Agreement not available for IBR; in absence of the actual contractual agreement, the signed authorization directs reimbursement. The **02/24/2015** signed Authorization is contractual in nature.
- **Based on the aforementioned documentation and guidelines, reimbursement is indicated for 99499-86, pursuant to CCR § 5307.11.**

The table below describes the pertinent claim line information.
