HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with reimbursement of 99215
- Claims Administrator down coded 99215 to 99213 indicating on the Explanation of Review “The documentation does not support the level of service billed. Reimbursement was made for a code that is supported by the description and documentation submitted with the billing”
- 99215 - Office or other outpatient visit for the evaluation and management of an established patient, which requires at least **2 of these 3 key components:** A comprehensive history; A comprehensive examination; Medical decision making of high complexity
- Abstracted from Primary Treating Physician Progress Report/Request for Treatment Authorization, Provider documents a detailed history, comprehensive exam and high complexity medical decision-making.
- Based on coding guidelines, Provider documents 2 of the 3 components required to support a level 99215.
- Reimbursement of 99215 is warranted.
