## HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

## ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking additional remuneration for 99204 New Patient Evaluation Performed on 11/03/2014.**
- EOR reflects Claims Administrator's reimbursement rational as follows:
  - This charge has been adjusted to comply with the rules and the rates of the contract indicated.
- EOR reflects 99204 reimbursement at 95% OMFS.
- IBR Application reflects Claims Administrator Listed on 1<sup>st</sup> and 2<sup>nd</sup> EOR.
- Correspondence from the Provider to the Claims Administrator presented for IBR, indicates the Provider is not aware of a contractual agreement.
- Provided documentation does not include a response from Claims Administrator regarding Contractual Agreement.
- **Labor Code § 4611 states:** (a) When a contracting agent sells, leases, or transfers a health provider's contract to a payor, the rights and obligations of the Provider shall be governed by the underlying contract between the health care provider and contracting agent.
- **Pursuant to LC § 5307.11** – “the medical fee schedule shall not apply to the contracted reimbursement rates.” California State Assembly Bill 1177 amended the Labor Code effective January 1, 2002 to add §5307.11:
- **LC § 5307.11 states:** A health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier may contract for reimbursement rates different from those in the fee schedule adopted and revised pursuant to Section 5307.1. When a health care provider or health facility licensed pursuant

to Section 1250 of the Health and Safety Code, and a contracting agent, employer, or carrier contract for reimbursement rates different from those in the fee schedule, **the medical fee schedule for that health care provider or health facility licensed pursuant to Section 1250 of the Health and Safety Code shall not apply to the contracted reimbursement rates.**

- **§ 9792.5.7 (b)** Unless as permitted by section 9792.5.12, independent bill review shall only be conducted if the only dispute between the provider and the claims administrator is the amount of payment owed to the provider. Any other issue, including issues of contested liability or the applicability of a contract for reimbursement rates under Labor Code 5307.11 shall be resolved before seeking independent bill review.
- Based on the aforementioned guidelines, IBR is prohibited from resolving conflicts contractual in nature.
