Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with reimbursement of code 99214 down-coded to a 99213.
- Claims Administrator down coded 99214 to a 99213 indicating on the Explanation of Review “The documentation doesn’t support the level of service billed. Reimbursement was made for a code that is supported by the description and documentation submitted with the billing”
- 99214 - Office or other outpatient visit for the evaluation and management of an established patient, which requires at least 2 of these 3 key components: A detailed history; A detailed examination; Medical decision making of moderate complexity.
- Provider’s report submitted documents a detailed history, expanded problem focused exam and moderate complexity medical decision making. As only two of the three components are necessary to fulfill the evaluation and management code 99214, reimbursement for 99214 is warranted.

The table below describes the pertinent claim line information.

DETERMINATION OF ISSUE IN DISPUTE: Reimbursement of code 99214 is recommended.
