Final Determination: OVERTURN. MAXIMUS Federal Services has determined that additional reimbursement is warranted. HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE: Provider seeking full remuneration for Functional Restoration Program services, billed as Unlisted Procedure Code 97799-86 x 18 units, for date of service 11/24/2014 – 11/26/2014.**
- The Claims Administrator reimbursed the Provider \$3,802.50 of \$5,850.00 with the following rationale: “The charge was adjusted to comply with the rate and the rules of the contract indicated.”
- Modifier -86: OMFS Modifier is used when prior authorization was received for services that exceed OMFS ground rules.
- Authorization for Functional Restoration Program presented for IBR, dated October 03, 2014 signed by the Claims Administrator, indicates treatment is “medically necessary” meeting the criteria for Modifier -86.
- Initial Authorization Requested 10/02/2014 reflects Provider’s Usual and Customary fee as “\$225.00/hour” for “160 hours.”
- OMFS allows for Unlisted Procedure Codes to be reimbursed by “By Report.”
- §9789.12.4 (c) “In determining the value of a By Report procedure, consideration may be given to the value assigned to a **comparable** procedure or analogous code. The comparable procedure or analogous code should reflect similar amount of resources, such as practice expense, time, complexity, expertise, etc. as required for the procedure performed.”

- There is no allowance or comparable code listed under the OMFS for service billed with procedure code 97799 or, more specifically, a Functional Restoration Program; a CPT Code has yet to be formulated for this comprehensive program. As such, a contractual agreement or the OMFS will dictate the level of reimbursement.
- The “**contract indicated**” submitted for IBR is a Partial PPO Contractual Agreement reflecting “Exhibit F” stating lesser of 94% of billed charges or OMFS.
- Based on the aforementioned documentation and guidelines, additional reimbursement is warranted for 97799-86.

The table below describes the pertinent claim line information.
