HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with denial of code 77002
- Claims Administrator denied code indicating on the Explanation of Review “Service not paid under Medicare OPPS”
- Provider billed codes on a UB-04 for Outpatient Services.
- CPT 77002 has a status indicator ‘N’ - Items and Services Packaged into APC Rates.
- Paid under OPPS; Payment is packaged into payment for other services. Therefore, there is no separate APC payment.
- As code 77002 is not a separately reimbursable service, reimbursement of code is not warranted.

The table below describes the pertinent claim line information.
