HOW THE IBR FINAL DETERMINATION WAS MADE

MAXIMUS Federal Services Chief Coding Specialist reviewed the case file and researched pertinent coding and billing standards to reach a determination. In some cases a physician reviewer was employed to review the clinical aspects of the care to help make a determination. He/she has no affiliation with the employer, employee, providers or the claims administrator. The expert reviewer was selected based on his/her clinical experience, education, background, and expertise in the same or similar specialties that evaluate and/or treat the medical condition and disputed items/services.

ANALYSIS AND FINDING

Based on review of the case file the following is noted:

- **ISSUE IN DISPUTE:** Provider is dissatisfied with reimbursement of codes ML104 Evaluation and 96101, psychological testing performed on 02/19/2015.
- Claims Administrator reimbursed \$12,250.00 indicating on the Explanation of Review “The charge has been adjusted to scheduled allowance”
- § 9795. Reasonable Level of Fees for Medical-Legal Expenses, Follow-up, Supplemental and Comprehensive Medical-Legal Evaluations and Medical-Legal Testimony: The fee for each evaluation is calculated by multiplying the relative value by \$12.50, and adding any amount applicable because of the modifiers permitted under subdivision (d). The fee for each medical-legal evaluation procedure includes reimbursement for the history and physical examination, review of records, preparation of a medical-legal report, including typing and transcription services, and overhead expenses. The complexity of the evaluation is the dominant factor determining the appropriate level of service under this section; the times to perform procedures is expected to vary due to clinical circumstances, and is therefore not the controlling factor in determining the appropriate level of service.
- ML 104 ML 104 - RV 5 per 15 Min (\$62.50/15 min or \$250/hr) - (3) A comprehensive medical-legal evaluation for which the physician and the parties agree, prior to the evaluation, that the evaluation involves extraordinary circumstances. When billing under this code for extraordinary circumstances, the physician shall include in his or her report (i) a clear, concise explanation of the extraordinary circumstances related to the medical condition being evaluated which justifies the use of this procedure code, and (ii)

verification under penalty of perjury of the total time spent by the physician in each of these activities: reviewing the records, face-to-face time with the injured worker, preparing the report and, if applicable, **any other activities.**

- Provider’s submitted documents reflect **1.75** hours of face-to-face time, **47** hours of record review, and **.25** hours of medical research and 4.5 hours of psychological evaluation for a total of 53.5 hours. Provider also documents a total of 6.75 hours to administer, score and evaluate the psychological testing which was billed under CPT 96101 and reimbursed.
- Page 24 of Provider’s report documents “It should be noted that the tests were administered by a professional other than the interpreting psychologist.” As such, the 4.5 hours of psychological evaluation would be included in the billing of code 96101 which the Provider is not disputing for this review.
- Total Units for ML104 as reflected in documentation @ \$62.5/15 min or \$250./hr:
 - Face-to-Face Time: “1.75 hours”
 - Record Review: “47 hours”
 - Medical Research: “.24 hours”
 - 49 hours total hours documented for ML 104
 - 49 hours = 196 Units.
- Reimbursement Calculation for ML104 is as follows:
 - 196 Units x \$62.50 = **\$12,250.00.00**
- EOR reflects the Claims Administrator reimbursed the Provider **\$12,250.00.**
- Based on the aforementioned documentation and guidelines, additional reimbursement is not indicated for ML 104.

The table below describes the pertinent claim line information.
