Re: Approval of Program Update  
ID: 2008.00605

Dear Ms. Costa:

A-1 Public Works Monitoring has satisfied the updating requirements of Title 8, California Code of Regulations; section 16426(f). Accordingly the status of this program has been converted from "extended initial approval" to "approved" without an expiration date.

Your program must continue to comply with the requirements of Title 8, California Code of Regulations, sections 16421 through 16439, as well as with all other statutes and regulations requirements pertaining to the enforcement of the state's prevailing wage requirements. In particular, please note that any awarding body that contracts with your program is required to promptly transmit the notices specified in section 16423 of the regulations and to designate which principals or employees of your program have filing responsibilities under the Political Reform Act, as specified in section 16430 of the regulations. Your program also has a continuing obligation to submit timely annual reports pursuant to section 16431 of the regulations, whether or not your LCP conducted any monitoring or enforcement during the preceding year.

If you have any questions or concerns, please contact Victor Osorio, Program Analyst, at 415-703-5054.

Sincerely yours,
