RE: Application for Approval of Labor Compliance Program
LCP ID No. 2008.00618

Dear Mr. Meyer:

This notice is being provided under Title 8, California Code of Regulations, section 16426(b) with respect to the application for approval that was submitted by L & M Compliance, Inc. in November of 2008. Following our receipt of that application you were advised of the need to provide additional information concerning the training and experience of program personnel and L&M's relationship to Ledesma & Meyer Construction Company. You were also advised that the program manual would need to be updated to conform to regulatory changes that were going into effect in January of 2009. We have no record of receiving the requested information. Accordingly, the application for approval as submitted is denied.

This action does not preclude you from submitting a new application that meets current regulatory requirements. Please note, however, that Director is currently in the process of adopting new regulations to implement the recent SBX2-9 legislation. Once adopted, these proposals may significantly limit the manner in which awarding bodies may use third party LCPs to enforce state prevailing wage requirements. For additional information about these proposals, please visit our website at www.dir.ca.gov/lcp.asp.

If you have any questions about this determination, please contact Nance Steffen, Special Assistant, at 415/703-5063.

Sincerely,

A handwritten signature in cursive script that reads "Nance S. Steffen".

Nance S. Steffen, Special Assistant
to the Director of Industrial Relations

cc: Regional Manager, Division of Labor Standards Enforcement
