RE: Application for Approval of Labor Compliance Program
LCP ID No. 2009.00644

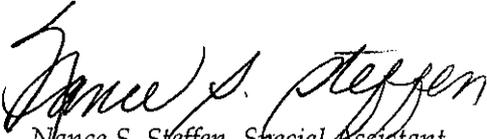

Dear Ms. DeSoto:

In accordance with the provisions of Title 8, California Code of Regulations, section 16426(b), the application for approval of Safework Inc.'s labor compliance program is hereby denied. This action is based on the program's failure to establish its ability and capacity to operate an effective labor compliance program in accordance with applicable legal requirements. In particular, the program no longer employs anyone with the experience and training needed to operate the program. In addition, the program's manual did not reflect recent changes in the laws and regulations governing prevailing wage enforcement and labor compliance programs.

This action does not preclude Safework, Inc. from submitting a new application that meets current regulatory requirements. Please note, however, that Director is currently in the process of adopting new regulations to implement the recent SBX2-9 legislation. Once adopted, these proposals may significantly limit the manner in which awarding bodies may use third party LCPs to enforce state prevailing wage requirements. For additional information about these proposals, please visit our website at www.dir.ca.gov/lcp.asp.

If you have any questions about this determination, please contact Victor Osorio, at 415/703-5054.

Sincerely,

Nance S. Steffen, Special Assistant
to the Director of Industrial Relations

cc: Regional Manager, Division of Labor Standards Enforcement
