IMPORTANT NOTICE TO AWARDING BODIES AND INTERESTED PARTIES REGARDING THE TELEPHONE INSTALLATION WORKER

Based upon the attached communications dated February 20, 2002, from Bill Quirk of the Communications Workers of America to Chuck Cake, Acting Director of the Department of Industrial Relations, the Office of the Director has determined the following:

Effective March 21, 2003, for all projects advertised for bids as of this date and prospectively which involve voice, data, and video communications work, the scope of work for this determination is clarified to exclude conduit work except in cases involving conduit runs of less than or equal to ten (10) feet within telecommunications rooms/closets.

Door Chuck,

I hope the information below will help you.

For C7 licensed contractors with whem CWA holds a collective bargaining agreement in the State of California, I believe the following statement covers 95 % of work performed by our members.

The ecope of work that CWA monitors perform requires the running of conduit from time to time. This conduit work is typically coincidental to Telecommunications work and normally in telecommunications rooms / closets, Usually the conduit run is not larger than 10 feet.

Sinceraly.

Bill Quirk Assisted to Vice President Communications Workers of America, District 9
