Dear: Advisory Committee Member Invitees

Subject: Article 10.1, Personal Protective Clothing and Equipment for Fire Fighters,
Assembly Bill 2146

You are invited to the third of the series of advisory committee meetings to discuss standards pertaining to firefighter personal protective equipment.

Date: May 2 and 3, 2016

Location: County of Merced, Office of Emergency Services
3500 Apron Ave.
Atwater, CA 95301

Time: 9:00 AM to 4:30 PM

Pursuant to Labor Code Section 147.4, the Occupational Safety and Health Standards Board will be convening a third meeting of the advisory committee evaluating potential updates to General Industry Safety Order Sections 3403 through 3411 intended to better align them with most recently promulgated standards of the National Fire Protection Association.

Please review the attached proposal. It is intended to reflect the input provided by Advisory Committee members up to this point. It also contains new material to be discussed relating to wildland firefighting [Sections 3410 and 3410.1].

Because seating is limited at the meeting facility, please limit the number planning to attend to those minimally necessary to represent the essential subject interests and knowledge of your organization. In addition, members are encouraged to familiarize themselves, and share, with the rest of the advisory committee, the concerns of other potentially effected persons and groups not in attendance.

Please RSVP to me via email [mchan@dir.ca.gov] by April 20, 2016, so that adequate meeting preparations can be made. And if you have any additional questions about the pending meeting or proposal, please feel free to directly contact me by email or at phone number (916) 274-5723.

Sincerely,

Maryrose Chan
Safety Engineer
