PROPOSED STATE STANDARD,  
TITLE 8, CHAPTER 4

Add to the General Industry Safety Orders, new Section 3324 to read:

Section 3324. Horizontal Sliding Gates.

(a) All horizontal sliding gates shall be equipped with positive stops or devices that limit the gate travel to the designed fully open and closed positions.

(b) Positive stops or devices shall be constructed and installed to resist impact loads in order to safely contain sliding gate components within the designed stop limits.

(c) Horizontal sliding gates shall be inspected by a qualified person to ensure that gates are maintained in safe operating condition.

(d) Employees responsible for operating or inspecting horizontal sliding gates shall be instructed in the safe operation of such gates.

(e) Repairs to gate hardware shall only be performed by a qualified person.
